PROFILE

UX Designer with a dual background in computer engineering and interior design — combining analytical rigour with spatial thinking to craft intuitive, research-driven interfaces. Experienced across the full UX lifecycle: discovery, prototyping, usability testing, and developer handoff.

EXPERIENCE

Freelance UX Designer

Sep 2024 – Present

Self-Employed · Remote

- Lead end-to-end UX process — discovery, user research, wireframing, prototyping, and usability testing — for web and mobile clients.
- Conduct moderated usability tests and synthesise findings into prioritised, actionable design recommendations.
- Collaborate with developers to ensure accessible, pixel-accurate implementation across responsive breakpoints.

Interior Designer

Oct 2021 – Jul 2023

SCC Construction · Vancouver, BC

- Produced comprehensive construction drawing packages and detailed 3D concepts using SketchUp and AutoCAD.
- Improved space utilisation and client satisfaction through iterative design reviews and on-site collaboration.

Interior Designer

Jun 2016 – Jan 2020

Renodiz · Coquitlam, BC

- Executed space planning and design for residential and commercial clients, from concept through construction documentation.
- Delivered projects balancing functionality, aesthetics, and budget — consistently receiving strong client feedback.

Freelance Web Developer & Software Programmer

Nov 2012 – Aug 2014
